

# LED Emergency Lights

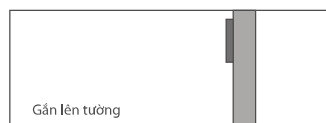

**D KC01/2W**

## Product Features:

- Light source: Use LED packages of high efficiency, long lifetime, natural light.
- Structure: Lamp body made from aluminum alloy, easy to adjust lighting angle
- Optical system: Mica light diffuse surface creates a wide lighting angle
- UPS: Ni-Cs 800mAh battery, charging time: 20 hours.
- Back-up battery run time: 180 minutes
- Working temperature: -10°C ÷ 45°C
- Applied standard: TCVN 7722-1:2009/ IEC 60598-1:2008

## INSTALLATING INSTRUCTION

## Economic efficiency:

- Replace halogen lamps
- Saves over 80% of electricity used compared to halogen lamps

## Applications:

- Used in Hallways, emergency areas, exits.
